

I'm writing in reference to your proposal to expand LPFM stations, possibly at the expense of stations heard on FM translators. One of these stations is K-Love. My family listens to K-Love everyday. It provides a wholesome alternative to other stations that are not "family friendly". Our community needs K-Love and the positive message it sends out. It's a choice that should not be removed. Please do not do something that would jepordize this station and others like it. Thank You, Lisa Elrod
